Cheryl Burtner joined the MJ team in 2004 as an account manager in our Personal Insurance department and has since assumed the role of client executive. As a Client Executive, Cheryl works to create tailor-made insurance programs for our valued Personal Insurance clientele. She believes in taking a personalized approach with her clients to build a thorough understanding of their needs and creating a custom individual risk management plan to meet them.

Cheryl brings over 40 years of experience with personal insurance and underwriting to MJ. Having previously worked at Indiana Insurance as a personal lines underwriter, Cheryl's expertise lies in homeowners, valuable articles, automobiles, watercraft, personal umbrellas and many other specialty coverages.

Outside of the office, Cheryl enjoys spending time in the great outdoors, especially gardening, camping, hiking and biking. Cheryl also spends as much time as she can with her three grandchildren who live in Seattle.
