Vice President (2018-2023)

Sean Evans joined the MJ team in 2018 as an employee benefits consultant in our Benefits Consulting department. With a future-focused approach, Sean works with clients to connect their business goals to their employee benefits program.

In his role, Sean and his team help identify the primary cost drivers affecting our client's benefit plans and work to develop custom, tailored solutions designed to solve complex health insurance issues, contain prescription drug costs, and provide analytics to track success and forecast future opportunities.

Prior to working at MJ, Sean served as owner and operator of Jimmy John's - Cali Subs LLC in Santa Barbara, California. As owner and operator, he was responsible for executing leases, sourcing contractors, and overall franchise finances and operations. Sean's business management and ownership experience gives him a unique perspective in creating innovative solutions to meet client's healthcare and benefit needs.

Sean is an avid outdoorsman with a passion for sports, especially golf. He roots for the Arizona Cardinals, Diamondbacks, and the OKC Thunder while staying true to his alma mater as a Gonzaga fan. Sean was actually the basketball manager for the Gonzaga team for four years.
