## DESIGNATIONS

Associate in Underwriting (AU)  
Accredited Advisor in Insurance (AAI)  
Associate in Automation Management (AAM)

Karen Feltner first joined the MJ team in 1983 as a commercial account manager in our Risk Management + Commercial Insurance department. With more than 40 years of industry experience, Karen now functions as a client advocate in our construction and mining + energy practice groups.

In her role, Karen works closely with her team to create and implement risk management strategies that are tailored to each client's specific business goals and objectives. She focuses on ensuring alignment with the client's needs and provides ongoing support to ensure that the insurance and risk management program is executed successfully.

Karen has extensive experience in the insurance industry, having previously worked at Hanover Insurance Co. before joining the MJ team. She values building strong professional relationships with clients and is passionate about making them feel valued.

Karen's children are aware that in addition to being knowledgeable in insurance, she is also an excellent party planner. She belongs to a large, closely-knit family and became a grandmother for the first time in 2018. Karen is filled with pride, joy, humbleness, and gratitude at the prospect of her family's growth and love. Additionally, Karen enjoys listening to different genres of music and keeping up with college and high school basketball.
