Big Brothers Big Sisters
Indianapolis -Mentor

Neil Heider joined the MJ team in 2013 as risk management consultant in our Risk Management + Commercial Insurance department. Neil specializes in creating unique risk management programs for middle-market to upper-middle market companies. His expertise on the client side of the business has allowed him to view risk management from a different perspective.

Before MJ, Neil worked in both the construction and manufacturing industries where he oversaw production, quality, and safety standards. With over a decade of experience in these industries, Neil understands the business needs of our clients and the challenges they face on a daily basis. This insider knowledge helps him align clients' risk management programs with their business goals and objectives to ensure progress.

Outside of work, Neil spends time with his wife and two young children. As a family, they love to travel and make memories together. Neil loves sports, especially the Colts, Pacers and his alma mater, Purdue. He also loves to golf and would love to play Augusta National one day.
