Ginger Krahn joined the MJ team in 1985 as commercial claims coordinator, providing proactive claims assistance to the Commercial Claims team within our Risk Management + Commercial Insurance department. She has since moved on to the role of surety service representative and was promoted to account manager in our small business practice group back in 2008.

In her role, Ginger works to coordinate the service and marketing activities for her clients, as well as managing data analytics to identify potential gaps in coverage while making recommendations on those limitations. She is the primary point of contact for the day-to-day servicing needs of our small business clientele.

Prior to joining MJ, Ginger worked in the Claims department at Indiana Lumbermen's Mutual Insurance Company. With over 36 years in the industry – more than 30 of those with MJ – Ginger has grown to become a respected and valued member of the team. A consummate industry professional, she has a well-rounded skill set and expertise that has developed from her work in several departments throughout the agency.

When Ginger has time off from work, she loves to spend it in Northern Indiana on the lake. One day, she'd like to travel to places that she's never been to in the United States. She is also a Bon Jovi fan and an all-around animal lover.
