Adam Adler joined MJ as a client executive in our Risk Management + Commercial Insurance department. In his role, he is instrumental in steering the generation and execution of risk management strategies. Adam's expertise extends to overseeing the entire lifecycle of our client's multi-year risk treatment plans, from inception through ongoing evaluation, to periodic revision. With a keen focus on creating tailored solutions, he ensures the seamless integration of comprehensive plan design.

With a robust background in client management and new business production, Adam brings a wealth of experience from his previous role at a global insurance brokerage and risk management services firm. Leveraging this extensive background, he contributes valuable insights to Team MJ in areas such as analytics, risk services, risk transfer, and client advocacy. Adam's proficiency is pivotal in delivering a superior client experience and supports MJ's commitment to excellence.

Outside of MJ, you will likely find Adam in the gym or on the field! He loves to both coach and watch his three kids play sports, and he currently serves on the St. Malachy Athletic Ministry as the Girl's Basketball Coordinator. His passion for sports continues beyond little league, as he would love to one day attend a game at each MLB stadium.
