Emily Daughhete joined the MJ team as a surety service representative on the Surety team within our Risk Management + Commercial Insurance department. As a surety service representative, Emily assists the team in gathering valuable information and helping to calculate premiums for both our surety clients and underwriters. Emily plays an instrumental role in processing bonds and delivering the best service to our clients.

Prior to joining MJ, Emily worked as a servicing manager at Oak Street Funding, where she performed financial analysis, compliance, performance and cash flow assessments for their lines of business. Her attention to detail and dedication to the client experience is what make Emily a wonderful addition to MJ.

Outside of MJ, Emily enjoys breaking a sweat at Pure Barre as a class instructor. When not at the studio, Emily can be found spending quality time with her husband, two daughters, grandson, and family pets.
