Kiefer Dieckamp joined the MJ team as a risk management consultant in our Risk Management + Commercial Insurance department. In his role, Kiefer is responsible for crafting, overseeing and executing tailor-made risk management strategies for our large-scale commercial clients. With his commitment to building strong client relationships, Kiefer is a true asset to the MJ team.

Prior to MJ, Kiefer honed his client management skills in roles such as a sales manager and account manager. Through these roles, he personally oversaw the needs of over 80 clients during his tenure. This invaluable experience has strengthened Kiefer's dedication to customer service and makes him a go-to-expert at MJ.

Outside of MJ, Kiefer enjoys spending quality time with his wife and two pets, Zoey and Edgar. Kiefer can often be found on the soccer field, honing his skills and building camaraderie with his CCA intermural team. Through each aspect of his life, Kiefer's commitment to excellence shines through.
