FAVORITE QUOTE

"The best and most beautiful things in the world cannot be seen or even touched – they must be felt with the heart." - Helen Keller

Molly Lane joined the MJ team in 2021 as an assistant account manager in our Benefits Consulting department. In 2022, she advanced to the role of account manager. In this role, Molly is integral in plan design and maintenance, working with client executives, vendors, and partners to facilitate change, renewals, and additional lines of coverage.

Before MJ, Molly worked for Host Healthcare as a central point of contact regarding payroll for travel healthcare professionals. Molly's customer support skills and commitment to excellence make her an invaluable asset to team MJ.

Molly loves staying active outside the office, whether that involves high-energy spinning or finding her zen with yoga. She even hopes to hike the Grand Canyon one day, so she fits right in with our Arizona team!
