FAVORITE QUOTE

"Be the change that you want to see in the world." – Ghandi

Cheri Slider joined the MJ team in 2021 as an account manager in our Benefits Consulting department. Cheri has since been promoted to senior account manager. In her role, Cheri utilizes her background in client relations and marketing to help clients navigate their benefits needs with customized solutions. She is responsible for leading the renewal and marketing process and works alongside MJ's consultants to provide comprehensive recommendations for clients.

Prior to MJ, Cheri brings three decades of experience in client relations and customer service, including 27 years of employee benefits experience. Cheri's expertise enables her to cultivate new and strengthen current client relationships, making her an invaluable asset to the MJ team.

Outside of the office, Cheri is passionate about spending time with her family, traveling to the beach, or visiting state and national parks, especially the Smoky Mountains. She also enjoys scrapbooking, cake decorating, cooking, baking, and visiting flea markets. When she's not busy traveling or crafting, Cheri hopes to cross a few items off her bucket list, including a trip to Aruba or learning the electric guitar.
