Michelle Weaver joined the MJ team as a client executive in our Personal Insurance department. In this role, Michelle helps clients create personalized and comprehensive programs through evaluating, implementing and managing their individual insurance and risk management needs. Michelle is dedicated to serving the unique risks of successful individuals and families, all while offering an exceptional client experience.

Prior to MJ, Michelle worked at a national brokerage and consulting firm, where she served as the liaison between client, provider and agency. With over a decade of experience in the insurance industry, Michelle helps her clients understand their coverage options and make sure their insurance program is in alignment with their changing lifestyle and family needs.

Outside of the office, Michelle embraces her creative side by expressing herself through interior design. Michelle also enjoys traveling! In fact, the number one item on her bucket list is to visit Italy!
