Matt Cerchiai joined the MJ team as an employee benefits consultant in our Benefits Consulting department. With a client-focused approach, Matt works with clients to connect their business goals to their overall employee benefits program and strategy. In his role, he collaborates closely with clients to pinpoint current cost drivers within their benefits program and explore potential cost-saving solutions, helping propel their businesses forward.

Prior to MJ, Matt worked as a realtor helping both buyers and sellers achieve their goals. Through this role, Matt gained incredible insight into delivering an exceptional client experience and tailoring solutions to meet clients' ever-changing needs. This experience coupled with his drive to help others reach even their loftiest goals make him a great fit for both the MJ team and our clients.

Outside of MJ, Matt has no problem staying busy! With three children and a dog, Matt and his wife never have a shortage of things to do. Whether that be trying a new restaurant with friends or planning their next vacation, Matt is always on the go!
