EDUCATION

Butler University

Regan Sprunger joined the MJ team as a claims consultant within our Risk Management + Commercial Insurance department. In this role, Regan works closely with a team of industry experts, serving as the primary point of contact for all claim-related matters. In addition to providing day-to-day client support, she and her team analyze, report on, and review claims, offering recommendations aimed at minimizing future losses.

Before joining MJ, Regan gained valuable experience as a claims representative at a local insurance provider, where she focused on large-loss bodily injury and property claims. This hands-on experience has equipped her with the expertise needed to excel in her current role. With her strong background and passion for client experience, Regan is well-positioned to advocate for our clients, effectively managing claims and negotiating the best possible outcomes.

When she's not at the office, you can find Regan curling up with a good book or staying active. She's also deeply passionate about travel and dreams of visiting all seven continents—though first, she's focused on exploring all 50 states. She's already halfway there!
