FAVORITE QUOTE

"Life is what you make it."

Jodi Cox assumed the role of associate client executive within our Benefits Consulting department upon joining the MJ team. In her role, Jodi collaborates with MJ clients to inform benefit strategies and provides support in the management and execution of the plan. Additionally, she works with the analytics, wellness, compliance, communication, and client advocacy teams to execute client healthcare and benefits strategies and ensure a seamless client experience.

Prior to MJ, Jodi previously served as an account manager at a benefits administration technology company. In this role, Jodi built out and managed annual insurance renewals and plans. As the lead point of contact for over 300 group administrators, her passion for superior client service shined. When you pair that with her commitment to continuous process improvement, you get another invaluable asset to both MJ and our clients!

Outside of work, Jodi may be found binge-watching the next new crime docuseries or Bravo! Also, she enjoys spending time with family, working out, and cooking. Jodi loves exploring the world and even hopes one day to travel to Europe!
