EDUCATION

B.A. – Taylor University

Joey DiNaso assumed the role of associate client executive within our Benefits Consulting department upon joining the MJ team. In his role, Joey collaborates with MJ clients to inform benefit strategies and provides support in the management and execution of the organization's unique plan. He works hand-in-hand with our analytics, wellness, compliance, communication, and client advocacy teams to execute client healthcare and benefits strategies and ensure a seamless client experience.

Prior to MJ, Joey previously served as a benefits coordinator at one of the largest insurance companies in the world. In this role, Joey managed a broad range of on-site and virtual client wellbeing initiatives. As the lead point of contact for new health fair vendors, he developed his passion for white-glove service and clear communication. When you pair that with his commitment to continuous process improvement, you get another invaluable asset to both MJ and our clients!

Outside of work, you may find Joey wakeboarding or weightlifting. When he's not training his muscles, he is sure to be spending quality time with friends and family.
