FAVORITE QUOTE

"Pursue victory with honor."

DeVonia Monroe joined the MJ team as a senior analyst in our Benefits Consulting department. In this role, DeVonia collaborates closely with our valued clients to understand their strategic goals and provide them with actionable insights from our proprietary analytics platform, APERTURE®.

Before joining MJ, DeVonia worked as a benefits advisor, where she helped employers design, manage, and communicate employee benefit programs to attract talent and control costs. She also has extensive experience managing data-related tasks, IT operations, and coordinating stakeholder meetings with third-party vendors to address technical issues, and ensure smooth project execution. This combination of unique expertise makes her an invaluable member of the MJ team.

Outside of work, DeVonia enjoys exercising and spending time outdoors. She frequently goes on long walks with friends and enjoys attending Pilates classes. DeVonia is also a big fan of college basketball and enjoys cheering for the USC Gamecocks women's basketball team.
