The MJ Companies Named in Annual *Best Places to Work in Insurance* by Business Insurance

Award recognizes outstanding employers in the insurance industry

INDIANAPOLIS - [The MJ Companies](#), a leading business and financial services consulting firm for more than 60 years, announced it has been named in the annual Best Places to Work in Insurance program, which recognizes employers for their outstanding performance in establishing workplaces where employees can thrive, enjoy their work, and help their companies grow.

The MJ Companies, with offices in Indianapolis, Denver, Nashville, and Phoenix, stands out as a top workplace because its people-first culture is built around helping associates thrive both personally and professionally, with a strong emphasis on development, collaboration, wellbeing, and supporting the communities it serves. That commitment has earned MJ recognition as a Best Place to Work across each of its markets, reflecting a workplace where employees feel supported, valued, and empowered to grow.

“Our organization prioritizes fulfillment, growth, and employee satisfaction, which is reflected in how we serve our clients and support one another internally,” said Mike H. Bill, CEO of The MJ Companies. “We are proud to be recognized for this award and continue to seek new ways for our employees to thrive and find purpose at MJ.”

One such example of how the company turns its purpose into action is through the MJ Foundation, the organization’s nonprofit arm that provides volunteer opportunities and grants to organizations focused on overcoming poverty, advancing education, fostering diversity, and embracing humanity. In 2025 alone, the Foundation donated more than \$300,000 and MJ associates contributed 2,500 volunteer hours across the U.S.

Best Places to Work in Insurance is an annual feature presented by the Custom Publishing unit of Business Insurance and Best Companies Group that lists the agents, brokers, insurance companies and other providers with the highest levels of employee engagement and satisfaction. Best Companies Group identifies the leading employers in the insurance industry by conducting a free two-part assessment of each company. The first part is a questionnaire completed by the employer about company policies, practices and demographics. The second part is a confidential employee survey on engagement and satisfaction.

The ranking and profiles of the winning companies will be unveiled in the November issue of Business Insurance and online at [BusinessInsurance.com](#).
