Humane Society

Medeba Garth joined the MJ team with more than 25 years of claims experience as director of claims consulting within our Risk Management + Commercial Insurance department. She collaborates closely with clients and carrier partners so that claims are resolved fairly, efficiently, and in line with each client's coverage. As director of claims consulting, Medeba leads and develops our claims team, negotiates coverage disputes with carriers, and serves as a dedicated claim consultant for key clients who need extra advocacy.

Medeba's contributions stem from a career on the carrier side of claims, rising from liability and field property adjuster to senior regional property claims manager at national and regional insurance carriers. Her ability to pair deep knowledge of policy language with more than 15 years of team leadership helps our clients get through complex claims with confidence.

Outside of the office, Medeba enjoys candlemaking, painting, and baking decorated cakes. As for her bucket list, the only goal is to make it to the end —though it just keeps getting longer!
